

RONDO

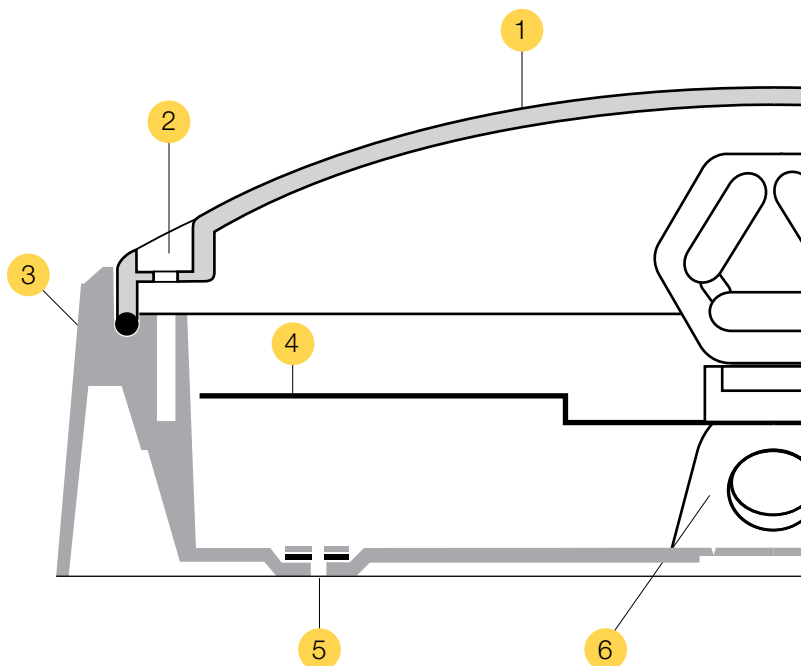

With a timeless design, Rondo is a luminaire designed to last.

Surface or flush mounted, the most powerful and robust of the architectural luminaires for communal areas in residential properties.

Design: XQHO **DESIGN** by Xavier Houy

- 1 5 mm polycarbonate diffuser (120 J)
- 2 Vandal-resistant recessed fastenings
- 3 Anti rip-out base in marine-grade aluminium
- 4 Easy maintenance: plug-in gear tray
- 5 Sealing washers supplied
- 6 Knock-out cable entries (2 side, 1 central)

More powerful

Up to 42 W fluorescent
or
35 W metal halide.

More efficient

Thanks to lighting management:
DALI ballasts and LED
and fluorescent dimming solutions.

Greater savings

With built-in LED gear, the new
Easy-Sensor® Pro microwave
presence detectors, and
twilight switches

Stronger

Up to 120 joule.
Thanks to its marine-grade aluminium base
and its extra-thick polycarbonate diffuser.
