SERIE ITALO

STRADALE | STREET

Design compatto in linea con l'idea di tendenza contemporanea: ITALO è l'esclusiva serie di apparecchi AEC per illuminazione di tipo funzionale e di arredo urbano.

Disponibile in più versioni la serie nasce per illuminare strade urbane ed extraurbane, parchi, piazze e centri cittadini rispondendo alle esigenze delle più moderne Smart Cities. Luce di qualità, eccellente resa cromatica, efficienza energetica.

ITALO: un'anteprima sul futuro dell'illuminazione.

Compact design in line with the idea of contemporary trend: ITALO is the exclusive series of AEC luminaires, designed for functional and urban lighting.

Available in different versions, the series was created to illuminate urban and suburban roads, parks, squares and city centres meeting the need of the most contemporary Smart Cities. Quality light, excellent colour output and energy efficiency.

ITALO: a preview on the future of lighting.

Funzionalità, versatilità ed ampia varietà di ottiche caratterizzano ITALO 1, ITALO 2 e ITALO 3: stesso design in tre differenti dimensioni per una serie di apparecchi progettati per illuminazione di strade urbane ed extraurbane ad intenso traffico veicolare.

ITALO è dotato di una gamma completa di ottiche in grado di far fronte alle diverse geometrie di installazione. High Performance Optic™, è il nuovo sistema ottico AEC realizzato in alluminio purissimo ad alta efficienza e sviluppato per l'utilizzo della nuova tecnologia LED Multichip. Grazie ai moduli ottici sostituibili a fine vita, la serie ITALO è garantita "Future Proof".

Functionality, versatility and a wide variety of optics feature ITALO 1, ITALO 2 and ITALO 3: same design in three different sizes for a variety of luminaires designed to light up high traffic urban and suburban roads.

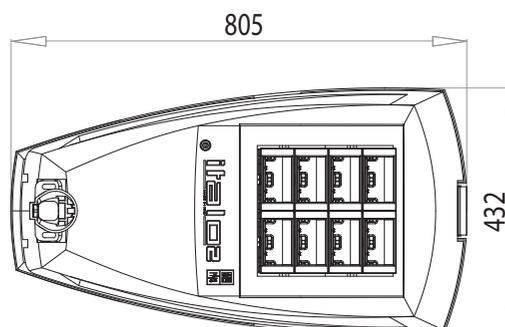

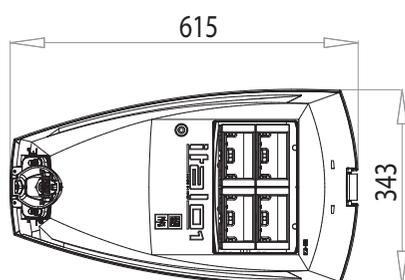

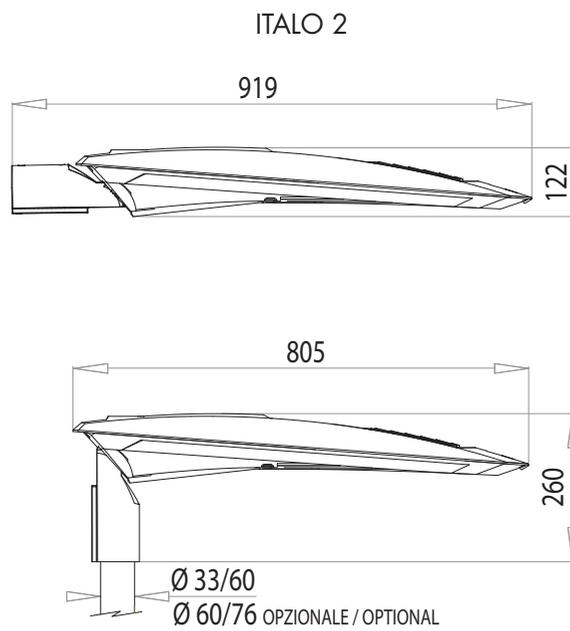

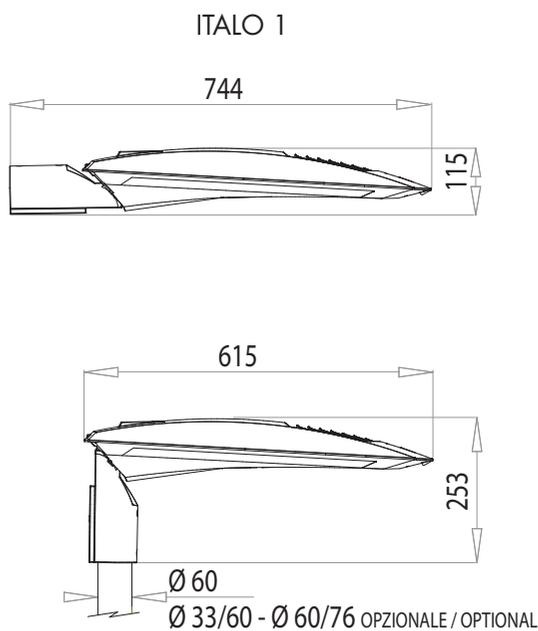

ITALO is equipped with a full range of optics able to accomplish all the different installation geometries.

High Performance Optic™, AEC optical system featuring ITALO is made of a high efficiency pure aluminium developed for the use of the new Multichip LED technology.

Thanks to the replaceable optical modules ITALO series is "Future Proof" guaranteed.
