BABEL

STRADALE | STREET

BABEL è la torre faro a tecnologia LED ad alta potenza per illuminazione di rotatorie, parcheggi e grandi aree.

Dotato di moduli LED altamente performanti, Babel viene proposto in tre diverse potenze in funzione dei moduli installati (6-12-18 moduli). Babel è caratterizzato da una torre a sezione triangolare composta da due tronchi con altezza di 15m. I moduli LED, rimovibili e integrati nella struttura, mantengono il grado IP del gruppo ottico.

Un esempio straordinario di efficienza, resistenza meccanica e forte valore estetico.

BABEL is the LED technology high power light tower for the illumination of roundabouts, car parks, and large areas.

With high performance LED modules, Babel is offered with three different power levels, depending on the modules installed (6-12-18 modules). The unit is part of a 15m high two-trunk triangular section tower. The LED modules, removable and integrated in the structure, retain the IP protection degree of the optical assembly. An extraordinary example of maximum lighting engineering resistance and strong decorative value.
